ABOUT

MOTHERWOOD TerBo+
TERMITE PROOF BOILING WATER PROOF

India demands more from its materials as every challenge here is real and constant.
TerBo+ is built exactly for that.
Welcome to a board that doesn't flinch, whether it's fire, water, pests, or pressure.
TerBo+ is the next-generation high-density board designed for the toughest applications from moist areas to heavy storage, high-traffic floors to rugged kitchen units. With a surface density of up to 1000+ kg/m^3, it beats plywood & other wood panels at their own game.

Built for Strength

Built for Performance

Built for India

Unlike Regular Boards, **TerBo+ offers:**

High Bonding Strength
